Informed Consent for Exercise Participation

Voluntary Participation

I wish to participate voluntarily in exercise activities and/or programs at The Family YMCA exercise facilities. My purpose is to maintain or improve my personal health and fitness. I understand that moderate exercise, when gradually increased in intensity, along with appropriate exercise guidance is recommended and safe for most people. I understand that qualified YMCA staff is available to assist me in learning to use exercise equipment safely. Qualified staff is also available to consult with me about my personal exercise program and special fitness objectives or limitations. If I choose to use equipment within the YMCA facility I understand I must obtain instruction on using the YMCA's equipment or assume responsibility myself if I choose to waive this right. The YMCA will not be held liable for injury or damage.

I understand that it is advisable to obtain a medical evaluation and my doctor's approval prior to initiation of exercise if I meet any of the following risk criteria:

1. I do not regularly perform vigorous exercise, and I plan to begin vigorous exercise, AND
2. I have two or more coronary risk factors, i.e.,
 - Diagnosed high blood pressure
 - Total serum cholesterol greater than or equal to 240 mg/dl
 - Diabetes mellitus
 - Family history of coronary or other atherosclerotic disease in parents or siblings (prior to age 55);OR
3. I have any major symptom or sign suggestive of cardiopulmonary or metabolic disease, i.e.
 - chest pain
 - dizziness
 - swollen ankles
 - known heart murmur
 - irregular or rapid heart rate
 - leg or arm pain with exercise
 - unaccustomed shortness of breath
 - shortness of breath when lying down or late in the day

Exercise Risk

I understand that the risk of injury to the musculoskeletal system, and in rare instances occurrences of heart attack or death, are somewhat increased during exercise. However, these risks must be compared to the overall lower death rates of physically active people.

Participant Responsibilities

I understand that I am responsible for monitoring my own condition at all times. If, during exercise, unusual symptoms occur I will cease my participation and inform the instructor or staff of my symptoms. If such unusual conditions occur, I will be encouraged to visit my doctor for further evaluation. If indicated, YMCA staff will contact Emergency Medical Service (911), and I give my permission to do so.

I agree that I will not use this facility while under the influence of alcohol or other drugs or while experiencing any condition (medical, psychological or chemical) that might impair my ability to make safe and sound judgments affecting my safety and the safety of other participants.

In signing this consent form I affirm that I have read this document in its entirety; all of my questions have been satisfactorily answered, and I understand what I have read. I agree to fully assume my responsibilities which include making arrangements for an appropriate medical evaluation if indicated by the criteria set forth in this document.

PARENT & ATHLETE CONCUSSION INFORMATION SHEET

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If an athlete reports one or more symptoms of concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of play the day of the injury. The athlete should only return to play with permission from a health care professional experienced in evaluating for concussion.

DID YOU KNOW?

- Most concussions occur without loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

SYMPTOMS REPORTED BY ATHLETE:

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Just not "feeling right" or is "feeling down"

SIGNS OBSERVED BY COACHING STAFF:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

**"IT'S BETTER TO MISS ONE GAME
THAN THE WHOLE SEASON"**

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless, or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously)

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

1. If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.
2. Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, and playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.
3. Remember: Concussions affect people differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

WHY SHOULD AN ATHLETE REPORT THEIR SYMPTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brain. They can even be fatal.

PARENT INFORMATION ABOUT THE FAMILY YMCA CHILD ABUSE PREVENTION POLICIES

In order to help protect children from the possibility of abuse, The Family YMCA has adopted the following policies:

1. The Y performs a criminal record background check on all staff (volunteer and salaried) that work, or could have the opportunity to work with children.
2. The Y trains all staff in child abuse prevention.
3. Registered and/or convicted sex offenders are not allowed employment, membership, participation in programs, entry onto Y property, or to loiter in the vicinity of programs and activities.
4. The Y executive director or their designee will check monthly the New Mexico Registered Sex Offenders list maintained by the New Mexico Department of Public Safety and will report any new registrants who live in Los Alamos County to Y staff.
5. Parent/guardian sign-in and sign-out procedures are required for all participants ages 12 and under.
6. All participants will be required to show photo identification the first time they register for a program. Verification of participants will be annotated in the Y's computer system.
7. All staff must wear an ID provided by the Y.
8. All staff and participants entering the facility must scan a membership card, wear a staff badge, or sign in and out at the front desk. Parent/guardian may sign in for youth ages 12 and under.
9. Program directors or WCRs must have parents/guardians of participants ages 12 and under read and sign the "Parent Statement of Understanding" form, to be returned and filed with the child's records.
10. Staff can only release participants ages 12 and under to people authorized by the parent/guardian.
11. Parents/guardians are encouraged to observe their children during Y programs and to visit programs unannounced at any time. Some instructors may require a parent/guardian of participants ages 12 and under to be present during the class or activity, and may set an observation boundary in order to maintain a teaching atmosphere.
12. Staff is prohibited from one-on-one contact with program participants. If this cannot be avoided (i.e., a parent late picking up a child), the staff member and participant will move to an open and public view.
13. Contact outside of Y programs is not allowed between staff and participants under the age of 18 unless a Parent Release Liability is filed at the Y.
14. The Y will not release a child to an authorized person whose judgment appears to be impaired. If the authorized person removes the child from the program, the Y will notify Los Alamos Police Department.
15. Under New Mexico state law, all suspected child abuse must be reported.
